

ISUKAPALLI SIVARAMA DEEKSHITHULU

PolicyCenter Developer

Hyderabad, India | 7659974509 | sivaramadeekshithulu.dev@gmail.com

PROFESSIONAL SUMMARY

Guidewire ACE Certified PolicyCenter Developer with 7 years of experience delivering mission-critical Property & Casualty (P&C) insurance applications. Expert in full-lifecycle configuration and integration. Skilled in translating complex business needs into scalable technical strategies using **Gosu**, **Apache Camel**, and **CloudAPI**. Familiar with AI-assisted development using **Claude Code**, including working with CLAUDE.md project instructions, rules, and skills to improve development productivity, code quality, and software delivery.

CORE SKILLS

- **Technologies & Frameworks:** PolicyCenter, Gosu, Core Java, APD, Integration-Gateway

PROFESSIONAL EXPERIENCE

Technical Specialist | Zensar, Hyderabad (Client: Assurant) Nov 2023 – Present

- Leveraged **Guidewire APD** (Advanced Product Designer) to configure products and handle APD deployment lifecycles using Life Cycle Manager (LCM).
- Translated complex business requirements into high-performance technical solutions, including **Data Model extensions**, intricate **PCF customizations**, and robust **Gosu** business logic.
- Implemented **Integration Gateway** applications for both inbound (Sales API via **CloudAPI**) and outbound flows (AppEvents and **REST API** integration triggered by PC message queues).
- Developed and enhanced REST API clients and implemented custom endpoints for new entities using the REST endpoint generator.
- Optimized system functionality by customizing **CloudAPI** resource classes.
- Collaborated in an **Agile** environment, contributing to sprint planning, story point estimation, and task prioritization to deliver mission-critical configuration and integration solutions.
- Implemented **Rating Flow Accelerator** for rating.
- Customized the payload related to documents and emails using the integration view concepts.
- Ensured high-quality delivery by authoring comprehensive **GUnit** test cases from scratch and supporting seamless release management processes.

Guidewire Developer | TCS, Hyderabad (Client: Statefarm) Feb 2022 – Nov 2023

- Collaborated in an **Agile** environment, actively participating in sprint planning and daily stand-ups to drive project delivery.
- Developed and modified Underwriting (UW) issues, activities, and **DataScript** logic to support complex business requirements.
- Managed the full lifecycle of policy transactions, including renewals, cancellations, and rewrites, ensuring operational stability.
- Proactively resolved production issues by monitoring Message Queues, debugging payloads, and optimizing configuration files.
- Authored and maintained **GUnit tests**, ensuring high code quality and smooth CI/CD integration via **GitLab**.

Backend Developer | Cognizant, Hyderabad (Client: J.B. Hunt) Nov 2019 – Jan 2022

- Led integration analysis, design, and development for the migration of legacy data to modern **Java architectures**.
- Consulted with stakeholders to gather requirements and translate business needs into scalable technical solutions.
- Developed backend components using the **Spring framework** and integrated seamlessly with legacy **Mainframe** environments.
- Implemented Java-based code modifications and managed version control workflows using **Git** to ensure consistent delivery.

EDUCATION

B.Tech (Electronics and Communication Engineering) Vignan Lara Institute of Technology and Science (75%)	2015 - 2019
--	-------------

MPC Sri Chaitanya Junior College, Guntur (949 Marks)	2013 - 2015
--	-------------

High School V.N.G High School, Ongole (9.8 Marks)	2012 - 2013
---	-------------

CERTIFICATION

- **Guidewire Certified Specialist** - PolicyCenter Configuration
- **Guidewire Certified Specialist** - InsuranceSuite Integration
- **Guidewire Ace Certified** - InsuranceSuite Integration
- Back-End Software Development Certification by EICT IIT Roorkee & Great Learning
